

Scrapbook.com

We are so excited that you are using one of the Scrapbook.com cut files! These were designed by paper crafters FOR paper crafters, and we think you'll love them! Follow your machine's instructions to load the SVG or PNG files into the software you use with your electronic cutting machine and craft away! We recommend using the SVG version, but if you are unable to use the SVG, your software may allow you to use the PNG version.

Your new cut files are in four folders inside this .ZIP file:

Cards

- Floral "hi" 5.5" x 4.25" card front
- 11" x 4.25" card base with a score line
